

AGAINST THE TIDE.

Rowing against the tide is hard work, even when the boat is light and the rower strong. Every stroke takes away a little strength. The lungs work hard to keep the blood supplied with oxygen. Objects on the shore seem to move past with disheartening slowness. Arms and back ache, and courage fails. The sick person, with a sluggish liver, bad blood and worse digestion, is like a man pulling against the tide. His struggle to keep alive is heartbreaking. His merciless mirror shows a pale, haggard face, with sunken cheeks and eyes, either dull or shining with the brightness so often noticed in consumptives. He needs treatment but no lasting benefit may be expected from that which is overgrown with the moss of tradition. The effective and reliable cure is **WAMPOLE'S PREPARATION** of the nutritive and curative properties of Pure Cod Liver Oil, combined with the Compound Syrup of Hypophosphites and the Extracts of Malt and Wild Cherry. It is palatable as honey, and as a remedy for wasting diseases it stands in the front rank in the march of medicine. It stimulates the sluggish organs of secretion, purifies the blood, promotes digestion, revives a natural appetite and builds up the whole system. Sufferers from Nervous Debility, La Grippe, Bowel Complaints, Throat and Lung Troubles, etc., testify to its transcendent value. Dr. E. J. Boyes says: "In a recent case a patient gained nearly twenty pounds in two months treatment in which it was the principal remedial agent." For the misery of disease it gives the happiness of robust health. One bottle convinces. Effective from the first dose. Look it up. "You cannot be disappointed in it." Sold by chemists here and everywhere.

TOO MUCH LIQUOR
USED AS MEDICINE

Of much interest was a report made to the Hawaiian Evangelical Association yesterday by the Temperance Committee. It was the feeling of the convention that the excuse of using liquor from medicinal reasons has been pressed beyond propriety, that it had been used to cover other and inadmissible reasons for using liquor and that misfortune and disaster had come upon certain persons who had made this an excuse for their tipping.

The reports of the secretary and treasurer were read and adopted Wednesday. Mr. Emerson was re-elected secretary of the Board and Mr. Richards treasurer. The reports of the year's work were hopeful. Part of the afternoon was given to the discussion of certain recommendations of changes in the constitution after which there was an early adjournment for the day.

After the service of prayer, yesterday morning was given to the consideration of the proposition brought by the committee of the Ministerial Union. The Association was asked by the Union to appoint a committee of five to confer with their committee with regard to a plan for evangelistic effort to be started in this city and carried to all parts of the group. The committee appointed consists of Hon. H. Waterhouse, Rev. O. P. Emerson, Rev. O. H. Gulick, Rev. E. S. Timoteo and Rev. J. M. Ezera.

During the Thursday morning session Rev. E. S. Timoteo read a vigorous report of his evangelistic work which was approved by the Association and he was reappointed evangelist. The question of appointing associates in his work was referred to the island associations.

The topic of work among the children was taken up and discussed with much interest.

The report of the committee on changes in the constitution was then read and adopted.

ANNUAL TEA PARTY.

The annual tea party given to the delegates and ministers at Central Union church was attended by about seventy-five people. A dainty luncheon was served by the ladies of the church in the parlors.

After serving tea the delegates listened to an interesting program. The address of welcome was by Mrs. Andrews, president of the Woman's Board, and the response was by the moderator of the convention, Rev. E. S. Timoteo. An interesting address was

made by H. Waterhouse, president of the Board, and addresses were made also by Mr. Wong of the Chinese church, Rev. Mr. Scudder for the Japanese, Mr. Silva for the Portuguese and Mr. Kalino for the Hawaiians. An address was also made by Rev. Mr. Meserve and there were a number of songs by the Kamehameha girls.

NEW STAMP ISSUE.

Only our grand-parents remember today the early "Pony Express" stamps. Since the issue of those first stamps, the coefficients of an extensive postal service, thousands of different issues have come and gone, most of them bearing the familiar faces of our great patriots and statesmen.

The authorization of municipal stamps was supposed to have been confined to the early days, but the new issue refutes the belief. The stamps are here described: 1c. blue, Sullivan; 2c. lake, Bryan (weeping over a silver urn); 5c. brown, Bath (still talking); \$25.00 bright red, The Douglas Patent Closet. There are others but the \$25.00 is the favorite.

A horse and buggy is wanted for its keep. See classified advertisements.

"I Can Handle Any Man My Size"

HOW OFTEN THAT IS SAID BY MEN WHO HAVE BEEN cured of Nervous Debility by the Dr. McLaughlin Electric Belt! They say it every day. Men who have been weak, gloomy, irresolute and who had no confidence in themselves at all, are now holding up their heads in pride, with the knowledge that perfect strength is restored; that they are as good as any man that walks, and better than any man of their size. You know you are weak now and wish you could say that you were as good as any man of your size. You can if you will use this grand incinerator.

Dr. McLaughlin's Electric Belt

DR. McLAUGHLIN—Dear Sir: In regard to the belt I purchased of you, I will say it is the only cure that I have ever found. I have gained 15 pounds since I began your treatment and feel like another man. I can work and have the energy to do my work. Yours very truly,

C. H. DREWRY, Korb, Cal.

They come every day from everywhere. There is not a town or hamlet in the country which has not cures by Dr. McLaughlin's Electric Belt.

Now what does this mean to you, dear reader? If you are not what you ought to be, can you ask any better proof to make you try it? Is there a remedy which is as simple, as easy to use, as sure to cure and as cheap as Dr. McLaughlin's Electric Belt? I have not seen one. You must try it. In justice to yourself and those who look to you for their future happiness, try it now. Act this minute. Such a matter ought not to be delayed.

It is as good for women as for men. Worn while you sleep, it causes no trouble. You feel the gentle, glowing heat from it constantly, but no sting, no burning, as in old style belts.

Call to-day, or send for my beautiful book, full of the thing a man likes to read if he wants to be a strong man. It is sent sealed free. Cut out this ad.
